

# MISTY FJORDS AIR

## SOUTHEAST ALASKA

A UNIQUE ADVENTURE...

A high-angle, wide shot of a rugged mountain landscape. In the foreground, a dark-colored seaplane with white floats and yellow accents on the wings is flying over a rocky, moss-covered mountain peak. The plane is angled towards the right. Below the plane, a deep valley filled with dense green forest leads to a large, calm fjord. The background features more jagged, rocky mountain ranges under a clear sky. The overall scene is one of natural beauty and adventure.

# WHERE WE FLY

*The Misty Fjords National Monument is 2.3 million acres of rugged wilderness, awe-inspiring geography and spectacular beauty. It has been called 'The Grand Canyon of the North' and is, simply put, breathtaking.*

# MISTY FJORDS EXECUTIVE

This tour is sold per-passenger seat

The Misty Fjords Executive is a once in a lifetime opportunity to experience and fly the Misty Fjords National Monument on our Executive Class DeHavilland Seaplanes.

This pristine country is considered to be one of the last untouched landscapes on the planet and is guaranteed to overwhelm the senses. See massive vertical rock formations, snow capped peaks 3,000 to 6,000 feet high and cascading waterfalls reaching into deep freshwater lakes and saltwater fjords. We frequently see Black Bears, Grizzly Bear, Mountain Goats, Bald Eagles, and Whales in this isolated setting.

Complete the experience when the pilot touches down on one of the many waterways within the monument to allow a closer look at the landscape.

# MISTY FJORDS EXCLUSIVE

Private seaplane tour

The Misty Fjords Exclusive includes every exciting feature offered on our Executive tour; with the addition of a completely private seaplane tour aboard our executive class DeHavilland Seaplanes. This is an unforgettable trip into the rugged heart of the Fjords which is by far the best overall value for large groups.

6 Passengers: DeHavilland Beaver

10 Passengers: DeHavilland Turbo Otter

Beaver Interior Seating

# MISTY FJORDS AIR

Misty Fjords Air is Ketchikan, Alaska's premiere Seaplane company. Providing on-demand charter service to Southeast Alaska and the first company to fly regular tours into the Misty Fjords National Monument. As industry leaders our Seaplane Captains set the highest standard for passenger safety and old fashioned customer service. Misty Fjords Air has upgraded our aircraft fleet with cutting edge (Glass Cockpit) flight navigation technology and have held a perfect safety record since our inception in 1981.
